### PRESSURE VESSEL LIMITED WARRANTY

In addition to LTE Scientific Ltd (LTE) 12-month warranty as detailed in its standard Terms and Conditions of Sale; LTE offers an extended limited warranty to the purchaser on its CE-marked pressure vessels.

If within 10 years or 10,000 cycles (whichever is the sooner), the pressure vessel is proved to have a defect in material or workmanship, LTE will, at its option repair or replace that part of the vessel which is shown to be defective. At LTE's option this may be carried out at customer's site or at LTE's factory. This warranty begins on the despatch date of the vessel from LTE premises.

#### Warranty Exclusions

This warranty does not cover any other component parts. It applies only to the structure covered by the Pressure Vessel Directive (PD/97/23/EC)

This warranty does not cover failures or malfunctions as a result of:

- Failure to properly apply, install, operate or maintain the sterilizer and components in accordance with printed instructions.
- Abuse, alteration, accident, fire, flood and the like.
- Improper water conditioning.
- Sediment or lime build-up, freezing or any other conditions causing inadequate circulation.
- A water velocity lower than or exceeding product design flow rate.
- Corrosive or contaminated atmosphere.
- The appearance of pitting on the vessel/jacket surface.
- Failure which can be contributed to normal and acceptable material fatigue.
- Sterilizer and/or pressure vessel service/maintenance being carried out by engineers who are not authorised or approved by LTE.

#### Warranty Coverage

Labour charges and other costs for removal, re-installation, shipping/transportation and travel are not covered by this warranty.

#### General

LTE will not be held responsible for any special, incidental or consequential damages or loss of revenue resulting from pressure vessel malfunction.

Autoclaves not originally manufactured by but sold by LTE are not covered by this warranty.
